

## Mercy Hospital Forward Movement

An extensive study of the financial condition of Grayling Mercy Hospital by the Sisters of Mercy and the Advisory Committee in a recent session revealed the fact that \$6000.00 is actually needed to make certain repairs and improvements to the Hospital. A new heating plant must be installed immediately costing \$2700.00. \$800.00 is required to make certain changes and improvements in electrical wiring. A fully equipped obstetrical department, delivery room, and nursery, are absolutely necessary, costing \$2,500.

Another outstanding need at Mercy Hospital is a new nurses home, where the nurses when off duty can be away and apart from the hospital. It is to be hoped that some public spirited citizen who is interested in the nurses profession will realize the importance of such a gift and make this home possible.

During the summer months the Hospital has been overcrowded. Many times patients have been placed in the halls due to lack of room. This all goes to prove that efficient hospitalization pays, that the citizens must support this institution to the limit of their ability if we are going to be recognized as a great medical service station for this section of Michigan.

When the ambulance drives up to the hospital door, it is impossible to determine or to investigate whether the patient has sufficient funds with which to pay his hospital bill. The all important thing to do is to give the patient service and save his life. This philanthropic institution cannot be compared with the average line of business. Every business man can be the judge as to whether he wishes to give credit, but when life is at stake, this Christian Philanthropic Hospital must give service regardless of the patient's financial ability to pay the bill. Of course, those who are able to pay must pay, and the hospital requires this in every case.

4. The city of Grayling as

well as the patronizing territory of the hospital will be asked to unite in raising this fund. Pledges are made payable over a period of one year in six equal installments, thereby enabling many to subscribe more than they could afford if it all had to be paid at one time.

5. During the past 25 years Mercy Hospital has admitted 10,254 patients. In order to visualize this large number of patients, turn him to his post as president of the senate they can be assured that he will deliver to them a full measure of conscientious service.

The people of the State of Michigan, the lieutenant governor said, "have a right to

make certain changes and improvements in electrical wiring. A fully equipped obstetrical department, delivery room, and nursery, are absolutely necessary, costing \$2,500.

6. The average cost per patient during the past six months has averaged \$4.00 per day. This is about the average cost per patient per day in hospitals throughout the middle west. These figures offer conclusive evidence that the Mercy Hospital is being efficiently and economically managed.

Mercy Hospital is not conducted for profit to the management. It is solely a Christian philanthropy, wholly dedicated to suffering humanity. Like most hospitals it is a liability to the denomination sponsoring it; its dividends are the returns in humanitarian and Christian service.

Every person living in the patronizing territory of Mercy Hospital should contribute to its support because it serves impartially all classes, colors, and creeds. Its service is as free from sectarianism as disease itself. The hospital was not organized as a profit-making institution; consequently, the only way to make needed improvements is through the generous gifts of public spirited citizens.

**Dr. Hathaway Coming**

Dr. Hathaway, Optometrist of Pontiac, Michigan, will be at his Grayling office Sept. 14, 15 and 16 on his regular monthly visit for Optometric work.

THOMAS READ

This type of service from the men they send to Lansing and it is my one desire to see that they get it.

In addition to being a staunch Republican, Lieut. Gov. Read is a keen student of state affairs and is cognizant of the many problems confronting the citizens of Michigan today. Time and again during his previous terms as lieutenant governor, Mr. Read has demonstrated his rare ability to cope with perplexing situations and has displayed excellent judgment in carrying out the people's

wishes.

Citizens from all walks of life have found in Lieut. Gov. Read a fast friend. Farmers, laboring men, educators, industrialists and business men are supporting his candidacy because they know that he has their interests at heart.

Standing squarely on a platform of economy in government and fairness in legislation, Lieut. Gov. Read will continue to place duty above self and give the people of Michigan a straightforward, business-like administration in the senate.

**EDITOR COMMENDS MILES CALLAGHAN**

Here is another editorial commending Miles M. Callaghan on his record in the legislature, written by George S. Stout, editor of the Plain Dealer, Lake City, Michigan. Mr. Stout is also secretary of the Northern Michigan Road Commissioner Association.

Over in our neighbor district, which includes, among other counties, Oscoda, Clare and Roscommon, all of which border on Missaukee, there is a contest for senator between two present members of the house, Miles M. Callaghan of Reed City and Fred Holbeck of Iosco county. Mr. Callaghan is quite well known in this county, has made a very good record in the lower house. Miles is always ready to go to bat for what he believes to be right, and for the best interests of his home people. He has been especially interested in roads and has been instrumental in securing paving on US-10 and in the construction of other highways. His activities are not confined to his own district in that regard, and this gives an excuse to speak a word in his behalf. He has shown himself the friend of all legislation tending to benefit Northern Michigan, and promotion of more and better roads all through this resort section. Roads are the life-blood of resort towns, and Mr. Callaghan has always been a loyal friend to efforts to secure sufficient funds for the poorer counties of this end of the state to enable them to build and maintain their roads. It is this fact that encourages this paper to perhaps intrude in what is outside our territory to say to the voters of the 28th district that Mr. Callaghan's efforts are appreciated by people outside his district, and we may at least be allowed to wish him success.

**FRIENDS SURPRISE DR. AND MRS. C. R. KEYPORT ON 25TH ANNIVERSARY**

Some forty friends of Dr. and Mrs. C. R. Keyport gathered at the Wolf farm Sunday evening to make their twenty-fifth wedding anniversary a happy occasion.

Doctor and his wife were invited to the farm under pretenses and were quite unaware that their host of friends were honoring them with a pot-luck supper.

To the tune of "Here Comes the Bride" the plate procession, led by the bride and groom of a quarter century ago passed before the buffet table and out to the lawn where the supper was served.

Esbern Hanson proved a fine master of ceremonies and presented the couple with a bag of silver coins as a token of esteem from those present.

This was a very fine tribute to Dr. and Mrs. Keyport who have been an active part of this community for these many years and have been rewarded by the fine satisfaction of having many friends.

**MRS. ESBERN HANSON ENTERTAINS**

Thursday afternoon Mrs. Esbern Hanson was hostess to twenty-four ladies at a very beautifully appointed bridge-luncheon at her summer home at Lake Margrethe.

Vari-colored garden flowers were arranged through the rooms where the luncheon was served on small tables.

At contract which followed the luncheon Mrs. O. P. Schumann and Mrs. Harold Cliff won the honors.

## The Universal Car

ONE NAME comes quickly to mind when you think of "The Universal Car." The description is distinctively Ford. No other car is used by so many millions of men and women in every part of the world. Everywhere it is the symbol of faithful service.

That has always been a Ford fundamental. Something new is constantly being added in the way of extra value. Each year the Ford has widened its appeal by increasing its usefulness to motorists.

Today's Ford V-8 is more than ever "The Universal Car" because it encircles the needs of more people than any other Ford ever built. It reaches out and up into new fields because it has everything you need in a modern automobile.

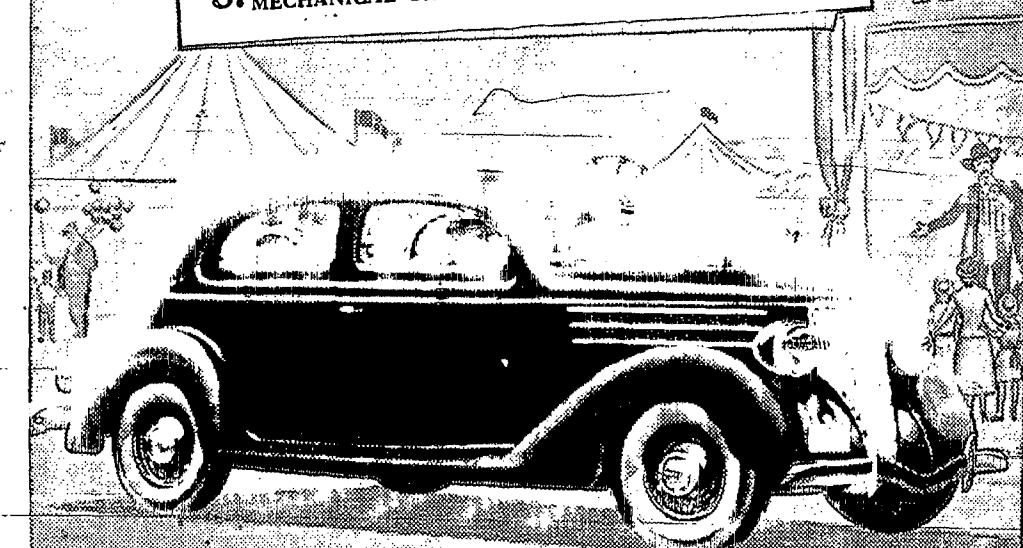

The Ford V-8 combines fine-car performance, comfort, safety and beauty with low first cost and low cost of operation and up-keep. It depreciates slowly because it is made to last.

There is no other car like it.

### Only the Ford V-8 Gives You These Fine-car Features

1. V-8 ENGINE PERFORMANCE
2. SAFETY GLASS—ALL AROUND AT NO EXTRA CHARGE
3. SUPER-SAFETY MECHANICAL BRAKES
4. CENTER-POISE RIDING COMFORT
5. WELDED STEEL BODY... 3. STEEL STRUCTURE AS WELL AS STEEL SURFACE

## Return Thos. Read, Lieut. Governor

Lansing, Sept. 10.—Lieut. Gov. Thomas Read, of Shelby, who is running for re-nomination on the republican ticket at the September primaries, told the people of Michigan today that if they return him to his post as president of the senate they can be assured that he will deliver to them a full measure of conscientious service.

The people of the State of Michigan, the lieutenant governor said, "have a right to

## KIWANIS HEAR ABOUT "PATENTS"

Mr. George B. Schley, patent attorney, gave a most interesting talk on patents, copyrights and trade marks at the Kiwanis meeting Wednesday.

Mr. and Mrs. Schley reside in Indianapolis, Ind., and have a summer home at Lake Margrethe, where they spend much of their summer leisure as possible.

In his address the speaker told of the origin of patents dating from original "letters patent" and the evolution that followed to the present time. Patents are not easily obtained according to the speaker, and many times involve long and exacting effort in order to do so. The pitfalls for the aspiring inventor are many but if he is able to gain the coveted patent for the protection of his efforts.

Copyrights are easily obtained and have the protection of the government, while trademarks are registered in Washington but otherwise in no way involve the responsibility of the government. Mr. Schley gave a very interesting talk.

## REDSON & COOLEY TO HOLD 7-DAY SALE

The well known mercantile firm of Redson & Cooley is announcing an unusual sale, starting Saturday and continuing until Sept. 19. The sale is being advertised throughout a large territory by means of large posters printed by the Avalanche and there is a full page advertisement in this issue which gives complete details about the big sale, quoting prices.

According to a statement by Mrs. Cooley, this is the most extensive selling effort ever made by them during their 16 years business career in Grayling. The entire stock of men's and women's furnishings is included in the sale. The Redson & Cooley store is widely known and has built up a prosperous business by fair dealing. No doubt the sale will draw a heavy patronage.

## FRANK LYDELL CELEBRATES 80TH MILESTONE

Frank Lydell celebrated his 80th birthday anniversary Sunday by having his children and grandchildren with him, they all remaining Monday also. Mr. Lydell was born in Chautauqua County, New York, and has been a resident of Grayling for several years. Mr. Lydell who is very active for his years is still on the force of Grayling Fish Hatchery.

Sunday a lovely birthday dinner was served at the home of his niece Mrs. Elsie Mills to celebrate the glad occasion, and the table held a huge birthday cake holding 80 candles.

Out of town guests included the following: Mr. and Mrs. Donald Kirk and son Lloyd, of Traverse City; Mr. and Mrs. Claud Lydell and three children, Dorothy, Louise and Frank of Comstock Park; Mr. and Mrs. Jasper Ewer and son James of Jackson; Mrs. Linn Pray and daughters Norma, Fern and Evelyn; Messrs. Roy Waugh and Jack Bieler, Detroit; Mr. and Mrs. Ben Story and grandson of Elmira.

Mr. Lydell is wished many happy returns of the day by hosts of friends.

## BENEFIT DANCE AT RUSTIC

A benefit dance for Mercy Hospital will be given Sat. evening, Sept. 12, at Johnson's Rustic Dance Palace at Prudenville. Because of his interest in the service being rendered by Mercy Hospital Mr. Johnson, the owner, is donating the use of his Dance Palace for this occasion.

It is hoped that a great many tickets may be sold in advance and that this Charity Ball will be a great success.

In Grand Rapids the three hospitals, Blodgett, St. Mary's, and Butterworth, put on a campaign in the city to raise \$78,000 to take care of the charity cases during the year of 1936. Mercy Hospital right now is engaged in a financial campaign and this benefit dance should help at the present time.

## Michigan's Leaders Endorse Judge Edward A. Bilitzke

Harry S. Toy, Justice of the Supreme Court of Michigan, and former Attorney General of Michigan endorses Judge Bilitzke as follows:

"Judge Bilitzke was assigned by me as Attorney General to the most important legal tasks of that office. He has ability, patience, initiative, which qualities, coupled with his great sense of fairness and justice give him the ideal qualities necessary for a Judge."

Paul W. Voorhies, Attorney General of Michigan in 1931 and 1932, endorses Judge Bilitzke as follows:

"Edward A. Bilitzke, now Circuit Judge for the Thirty-Fourth Judicial Circuit of Michigan, was appointed by me as an Assistant Attorney general of Michigan for the term beginning January 1, 1931. He remained with me during the two years of my term of office."

"During that time I submitted to him many important matters and everything assigned to him was handled in a highly efficient and satisfactory manner. I considered him one of my most able and loyal assistants, and in addition I believe that he is possessed of a sound judicial temperament. I recommend him in every way to the voters of the Thirty-Fourth Judicial Circuit."

### Chips

By Jack Redhead

Were you on the river last Sunday? This seems like a foolish question because to those of us who were, it seemed as though everybody and all of the relatives were out. Boats followed each other in swift succession, and spliced between were innumerable waders, each trying his best to outdo his neighbor in rapid fire casting.

Many tangles must have resulted because the air was literally filled with flashing lines. Fair weather and the knowledge that it was their last chance at the trout lured many to the stream—there was the Colonel's Lady and Judy O'Grady so to speak, for who doesn't like to fish?

"Chips" couldn't begin to enumerate all the people who spent the holiday here—it would look like the roster of a Democratic convention. At Shaw's Park alone there was enough people to start a new Political party—and why not?

There was Dr. Mac Pherson, (the name suggests one who climbs trees to recover flies) and Carl Kopf of Jackson. Mr. and Mrs. Edlen and their son of Toledo, Mr. Todd and party of friends also from Toledo, L. Champagne (there's a name for you) and son of Detroit, Mr. Merrill of Houghton Lake, Mr. and Mrs. Schnit and their friends, Mr. and Mrs. S. Raub and Mr. and Mrs. M. Raub, all from Detroit. These few were about the yard as we drove in. Many more were in their cottages and on the stream.

Mrs. Shaw reports having had over twenty for dinner on Sunday, and she must have done her part well, for all hands wore the appearance of full contentment.

S. S. Mac Donald (we'll bet his name is Sandy) was entertaining a party of friends at his cottage, and a tough game of bridge was in progress as we passed.

Ned Wicks of Saginaw was at his camp with a party of friends to see the old season out, while across the river the Paul Youngs of Detroit were making it tough for the trout as usual.

Mr. and Mrs. Lester Armitage and their daughter, also of Detroit made a lot of whoopee over the holiday at their camp near Shaw's Park.

Up the river we find Mr. and Mrs. Frank Lewis, in company

with Mr. and Mrs. George Rinck, all of Toledo, taking a farewell shot at the trout, and tucking the Ted Stephens in for the winter. Ted takes a lot of tucking, on account of he is so darn long.

Over on the South Branch we hear reverberations which can only mean that there is a gang at the OX BOW CLUB, Masons and Devereaux.

Mr. D. B. Lee is also "casting about" over there, and has dragged along a flock of friends to show them his particular corner of Heaven.

Mr. Lee purchased the old John Windiate place on the South Branch and plans to make extensive improvements there. He has Lucy Stephan as keeper of the bees.

Major Hawkhurst just can't keep out of the headlines—some time ago Major brought up an outboard motor shark to see if he could learn how to start an outboard, and while he was at it, he held a sort of regatta—just wanted to prove to the city slicker that several chaps hereabouts had egg beaters that would really start and stay started.

Something must have gone wrong though, for later on, Major in a fit of pique threw the temperamental shebang overboard in front of Charlie Trosien's place. However, Sally, frugal soul that she is, dove in and retrieved it in true spaniel style, so Major still has a motor.

Max J. Ireland of Detroit reluctantly slid beneath the wheel of his chariot a few days ago and laid a course back to the bright lights after spending his vacation with his mother at the Owl's Roost. Mrs. Max, who has been vacationing at Charlevoix, sailed with him.

The Mikessell Boat Works will soon be the scene of buzzing activity. Mike reports that he will soon lay the keels for two new craft—one for Major Hawkhurst, and 'other for Henry Reniger. The Hawkhurst job will be fitted with regulation oar locks for use with outboard motor.

We regret deeply to report that Paul Feldhauser is moving from the Wilson place on the river, and is taking up his residence in Grayling. Good neighbors are too few in this locality as it is, and we are going to miss the big affable, cuss more than we can tell. He has always been an excellent neighbor—one that is always accommodating and dependable, and it is with keen regret that we record his departure. Edna and the children will also be missed keenly, for no matter how hard the going is you can always depend upon a cheery smile and greeting from them.

We had occasion to travel U. S. 27 for a few miles Monday night, and the southbound traffic was something to marvel at—cars from many other states, puddle jumpers, limousines, house trailers, and trucks—and we feel safe in saying that the majority were returning from a vacation trip in northern Michigan, where they had been lured by "what we had to offer". Had we checked the cars for an hour on this one highway, perhaps it might have given us a hazy idea what the tourist business has grown into within the last few years.

Most of us take this business for granted, but supposing something should suddenly deprive us of it what would there be left in the way of business up here for anybody? Think this over carefully for a few moments, and if you are fair minded you will surely admit that the tourist business in this section is well worth guarding.

To this end it is only sound business for all of us to overlook no opportunity to make our country more and more attractive to these visitors, for, if we lay down on the job and let our stock in trade run down at the heel, this stream of motorists will surely find another stamping ground, and we will be left holding the bag.

Fortune favored us with what is probably the greatest drawing card in Northern Michigan in the form of the AuSable river. Let's make it our job to keep it clean, attractive and hospitable to the visitor who associates it's very name with purity and beauty.

TROUT do not thrive upon tin cans and garbage, and if a tourist fancies that sort of scenery, he need go no further than his own town dump to see it.

Do you, (and I am looking right at you, reader) throw refuse and garbage into the stream?

If you do we all know it—for we can see your cans and bottles along the river bottom immediately below your camp, and can see your packages of garbage lodged in the jam-piles with swarms of flies in attendance.

On the other hand we also know that you don't and respect you for your allegiance to the code. To thank you for your action would be an insult, but we want you to know we appreciate it.

And now Walter, take it away—We received your contribution and will use it of course. Will be anxiously awaiting your Paul Bunyan stunt. Hi Ho for eight ball.

Re-elect William Ferguson for county treasurer.

All ex-service men please contact Earl Wood regarding service men's organization.

Use good vinegar this year. It pays. Use Heinz bulk vinegar, 39c gal., at Connine's.

You will not have to apologize for voting for Edward Bilitzke for circuit judge. He should be re-elected.

There will be a rummage sale at Michelson Memorial church, Sept. 25 and 26. Anyone wishing to contribute call Mrs. A. J. Trudeau, Phone 87, or Mrs. Gerald Poor, Phone 93-R.

Mrs. Rufus Edmonds, of Maple Forest, opened her school in South Branch township, Tuesday. She has been a very capable teacher of that school—known as the Richardson school—for several years.

George Daniels, who has been employed at the Hanson Cafe, left Wednesday to visit his parents at Big Rapids; after which he will leave for New Mexico where he will resume his college studies.

The Missionary society of Michelson Memorial church met with Mrs. Nels Corwin at her new cabin on the AuSable river Wednesday afternoon. Thirty ladies were in attendance. Mrs. Corwin was assisted by Mrs. Herbert Gothro.

Mrs. Gerald Poor entertained the teachers of Grayling schools at a tea at her home Monday afternoon. Mrs. Frank Bond poured. This was an opportunity for the teachers to get acquainted with each other and proved a very delightful affair.

A fishing trip to Northport by C. J. McNamara and son Charles Jr., Sheriff Frank Bennett and A. J. Joseph, resulted in a nice catch of lake trout. Jim topped the list with a fine 9 pound trout, Sheriff an 8 pounder and Abe one of 7 pounds. Apparently "Mac" either was too busy to fish or he had no luck. This "deep sea" fishing seems to be a popular sport these days.

Amos Hunter, together with Arthur Howse, William Leng, Ben Allan, and Remi Schotte, left Tuesday morning on a ten-day fishing trip in Canada. While there they will have ample opportunity to try their hand at fishing for lake trout and will no doubt have a great many fish stories to relate on their return.

The third annual conservation conference is being held at Johnson's Rustic Tavern, and the members will visit Grayling today, making a one-hour stop. They are scheduled to arrive at noon for luncheon at Shoppington Inn, after which they will visit Grayling Fish Hatchery and other places of interest surrounding Grayling.

Mrs. Annabel McKenna, of Houghton Lake, is a patient at Mercy Hospital suffering with a compound fracture of the right ankle. Mrs. McKenna was struck by a car on the highway at Houghton Lake Sunday night while returning to Lone Pine Inn from dance hall. She with several others were walking along the highway when the accident happened.

Complimenting Mrs. Lawrence Hunter, Mrs. Chester Lozon and Miss Lillian Jordan, entertained twelve ladies at the Jordan home Tuesday evening. Luncheon was enjoyed, prizes for which were awarded to Mrs. Ethel Griffith, Miss Odie Sheehy, and Miss Norma Griffith. The affair was a complete surprise. A delicious lunch was served and Mrs. Hunter received many lovely gifts.

Mrs. Celia Granger and members of the Corwin families were entertained at a six o'clock dinner Wednesday of last week, at the home of Mr. and Mrs. Nels Corwin. The affair was in honor of Mrs. M. Bowman, of Grand Rapids, and Mrs. Irene Shields, of Kalamazoo, who were house guests of Mrs. Granger. Covers were laid for thirteen at a table centered with vari-colored gladiolas and dahlias.

Grayling schools opened on scheduled time Tuesday morning with 591 children enrolled. Of this number 66 are attending the South side school. There are 367 in the grades from the kindergarten through the sixth grade and 224 in the upper six grades. However there are still some who registered in June who have not appeared as yet, so it is believed the enrollment will reach the 600 mark. Tuesday was devoted to seating pupils of the high school and schedule conflicts were ironed out. Wednesday school began in earnest and Sup. Poor reports everything to be running smoothly at present.

Mrs. Adelajde Gaunt, age 58 years, passed away at the County Infirmary Tuesday afternoon, having been brought there at 9:00 o'clock that morning in an unconscious condition. She was found by neighbors at her farm home near here, having evidently suffered a paralytic stroke. Mrs. Gaunt came to this country from Chicago about five years ago. The remains were taken to Chicago for interment, accompanied by a niece, Mrs. Arthur Skingley. Mrs. Gaunt was a sister of Samuel Forster, father of Mrs. Skingley, who was so badly burned when Arthur Skingley lost his life and the Skingley farm home was destroyed.

Attorney Wm. Cudlip of Detroit was the principal speaker at the Republican meeting held at the school auditorium Wednesday evening, under auspices of the local Republican clubs. There was only a small crowd present. While we usually allow liberally a speaker's remarks as partisan propaganda, Mr. Cudlip confined himself to logical subjects and we feel certain that just about everyone present fully agreed with him. He made a number of pertinent statements, and we are only sorry that lack of time will not permit a summary of his speech. Mrs. Clippert and Mrs. Milnes were delightful in their vocal duets and the audience was highly appreciative.

Re-elect William Ferguson for county treasurer.

Heinz cider or white wine vinegar. Extra strength, at Connine's. 39c gal.

The 4-H club conservation school will be held in Grayling on Sept. 18.

We are sorry time did not permit us to get a report on the Oldtimers' picnic at Beaver Creek, so the story will appear in our next week's issue.

Rev. F. D. Voller, District Elder of the Alpena district, will preside at the quarterly meeting of the Free Methodist church from Friday until Sunday. Inclusive. Everyone welcome.

Miss Zonela Wells left Monday for Detroit, where she will enter St. Joseph's School of Nursing. She was accompanied there by her parents, Mr. and Mrs. T. J. Wells, and family.

The Visual Method Piano Class Instruction will be continued at the Grayling school this year. Miss Elinor Daly of Gaylord will be the instructor. Demonstrations of the work will be given during the third week of school and classes will start immediately following.

Mr. and Mrs. Earl Wood attended the Knox Rally and Homecoming at Alma, Monday as delegates from the Crawford County Republican Servicemen's league. Mr. Wood was an honor guard for Col. Knox, and Mrs. Wood had the honor of attending the tea given for Mrs. Knox.

Mrs. Earl Marshall has resumed her duties at the Hanson Cafe, after a forced vacation of several weeks owing to severe burns on her hands and arms. She was badly burned when she attempted to light flooded gas jet.

A lovely wedding was solemnized at Morley's Lodge, on the AuSable on Aug. 29th when Miss Virginia Glazier of Alligerville, N. Y. and Saginaw was married to Mr. Donald Nash of Saginaw. Rev. Flory officiated. The bride is a cousin of the Morleys.

A fishing trip to Northport by C. J. McNamara and son Charles Jr., Sheriff Frank Bennett and A. J. Joseph, resulted in a nice catch of lake trout. Jim topped the list with a fine 9 pound trout, Sheriff an 8 pounder and Abe one of 7 pounds. Apparently "Mac" either was too busy to fish or he had no luck. This "deep sea" fishing seems to be a popular sport these days.

Re-elect William Ferguson for county treasurer.

First time in Grayling. Heinz bulk vinegar, white or cider. 39c gal.—Connine's.

Walter Cowell has moved his tinsorial parlor from the Rialto building to the Fischer Hotel.

Mrs. W. G. Payson is a patient at Mercy Hospital suffering from an injury received in a fall from a porch.

Next Tuesday is Primary election day. Polls will be open at 7:00 a. m. and close at 6:00 p. m. in all townships. Everyone should vote and suggest to your neighbors to do the same.

Miles Callaghan appears to be running strong for the office of state senator in all parts of the district. He is well qualified for that important position and will no doubt be nominated.

## Golf Club Notes....

O O O O

The Golf tournaments of this season were brought to a close on Labor Day by an Obstacle tournament and dinner. Mrs. George Olson was the winner of this tournament for the women and Roy Milnes for the men.

During the dinner it was announced that Mrs. E. J. Olson won the Women's Handicap championship of the club with Mrs. C. R. Keyport as runner-up.

Mrs. Laura Thomas won the championship of the club and Mrs. Roy Milnes was runner-up. Mrs. E. J. Olson won the consolation flight and Mrs. Roy Trudgeon was the runner-up.

Mrs. Milnes had the lowest score in the ringer tournament that was carried on during the whole summer. Mr. Milnes won the club championship for the men and E. J. Olson was runner-up while attending church. On the 3rd of July we took a boat to Aalborg, attending the Danish-American Fourth of July celebration at Rebild park. This is a get-together meeting of the Danes and Americans and many speeches of welcome are given. In the evening there was the usual fireworks display.

After the 4th Miss Hemmingsen and I went to Norway and Sweden, spending some time in Oslo, Norway. Here we went up into the mountains to see where they have their winter sports. In Stockholm, Sweden we saw the changing of the King's guard and went through the old palace. Leaving Sweden by way of the Gothic canal, we spent a week in Aarhus, Denmark and then returned to Copenhagen by way of all the islands of Denmark. We left Denmark August 4 for Paris, France. Here we visited the battlefields, saw the place where the Armistice was signed and Versailles where the peace treaty was signed. Other interesting places were Napoleon's tomb, arc of triumph and many others.

Going back to Denmark we visited there one week before leaving for home. Returning we took a train to Esberg, and then a boat to Harwich, England. Spent one day in London sightseeing, visiting the London tower and other interesting places. We sailed from Southampton on August 22nd and enroute saw the Queen Mary. The trip home was very nice.

Robert Herbison.

"Michigan Needs Thomas Read"

## A Few Pertinent Facts

- 1.—In seeking your support Tuesday I am running as a REPUBLICAN. I'm not trying to straddle the fence. There is no place for a turncoat in a political party any more than there would be in a business organization. A candidate should be honest, not only with his constituents, but likewise with the party which sponsors his candidacy.
- 2.—I am not afraid to declare myself as supporting the Presidential Nominee, of my party, and the gubernatorial nominee, in the fall election.
- 3.—Two years ago 36 administrative bills were passed by the senate. Twenty-seven of those bills died in the House, because of a Democratic controlled House, due to the "selling out" of three representatives; one of whom came from the Presque Isle district. If I am elected I promise better support than that to my Governor.
- 4.—If I can be influential in bringing any good roads to my district, I guarantee that 90 percent of them will not be built in front of my own property, nor within a few miles of my own home.
- 5.—If I should become your representative and be influential in passing good legislation for you, I will not ask you to give me a life-time job because of it.
- 6.—As your representative I would not seek to continue on the state payroll for the sake of a job. I have never been on the state payroll, and I will not seek for myself, or others of my family, to make the office a means of livelihood.
- 7.—When the Republican Organization of Crawford county feels that they have a candidate for Representative in their county, I am ready to retire in his favor. I believe that the office of representative should be rotated among the counties of the district.
- 8.—Four counties of this district have openly declared themselves "NOT SATISFIED" with their present representation. I have been openly endorsed by the Republican Organizations of those four counties.
- 9.—I seek to represent the district as a whole and will not favor one section over another. I pledge myself to give Presque Isle district real representation at Lansing, if I am elected.

Very Sincerely,

Carl Briley

## Maple Forest

Mr. and Mrs. Hugh McMillan and daughter Kathryn have returned to their home in Fowlerville after spending several days at the E. F. Jewell home.

Mr. and Mrs. Herb Smith and family of Flint spent the holidays visiting Mr. and Mrs. Arthur Howse and family.

Elias Ervin and family of Flint stopped off at the home of his sister, Emma Howse, while enroute to the Soo for the holidays. Mr. and Mrs. Fred Ervin, also of Flint, visited at the Howse home.

Mr. and Mrs. Jack Daly and son Jimmie left Friday to make their home in Texas.

William Leng, Ben Allen, H. Schotte of Frederic, Amos Hunter of Grayling, and Arthur Howse of Maple Forest, early Tuesday morning left on a fishing expedition up in the north woods of Canada for a week.

School started Tuesday morning, and all the children seemed anxious to resume their studies once again.

### Grange Notes

Beaver Creek School District No. 1 has built a fine new entry on their schoolhouse.

Rufus Edmonds Jr. and family of Flint, were dinner guests of his aunt, Mrs. Elizabeth Serven, Sunday.

Mr. and Mrs. Claude VanPatten and son Claude Jr., of Flint, were weekend guests of Mrs. Florence Wakeley.

Don't forget the Grange Picnic at Conine's Grove, Saturday, Sept. 12. Coffee and cold drinks free. Bring cups and basket lunch. Prizes for oldest Granger, youngest Granger, largest family present, boy's race, girl's race, ladies race, horseshoes and croquet contests. These contests and games are for old and young.

Mrs. Pearl Babbitt was given a lovely stand spread Saturday at the meeting.

Mr. and Mrs. Geo. Annis were elected delegates to go to Sturgis to attend the State Grange next month. Mr. and Mrs. Arthur Howse were elected alternate delegates.

China's Great River Systems. China has three great river systems—the Yangtze—in the heart of the country, the Yellow river in the north, and the West river, which drains the mountains of the south.

Don't forget that "Bill" Green's "10c An Acre Bill" has saved Crawford County Taxpayers thousands of dollars in taxes. By reason of his bill the townships and school districts of the county have received from the State, \$36,000.12, tax on State controlled lands in this county. Other northern counties have likewise benefited through his bill.

Since 1931 a bill has been introduced at every session of the legislature to repeal the bill but through Mr. Green's efforts it has been retained. "Keep him on the job."
